FAILTE - Mississauga ♥

What makes a good Irish pub?

Is it the Guinness, the whiskey, the fish and chips, the Irish stew, the atmosphere, the live entertainment, the patrons, the warm and friendly welcome, the storytelling, the conversations or the craic? Actually, it's all of the above and more. If you really want to understand Ireland and its culture, then go into a pub.

Opened in 1998, Failte is over 6,000 square feet and was designed in Dublin by O'Brien's Irish pubs. Failte is the first Irish Pub in Canada to incorporate several different concepts in one location. There are six areas in the pub that each have their own sense of atmosphere and theatre. There is a lot of authentic handcrafted furniture and antique pieces of genuine Irish bric-a-brac that adorn the many nooks and crannies throughout the pub.

However, it's more than just bricks and mortar. Like a pint itself, it is something that settles over time. With an extensive selection of fine whiskeys and imported beers and the largest heated patio in Mississauga, Failte has grown to be the most popular Irish Pub in the GTA, full of character and characters.

There is no better way to experience Ireland!

Visit again?: **Yes**

This is by far the best pub in Mississauga. It is always packed on Fridays and Saturdays so make sure that you arrive early so that you will not have to wait in a line. The food is good and it has one of the best atmospheres that you can find in a traditional Irish pub. Every Friday and Saturday they have live entertainment. And on Sundays you can join in for their Karaoke night. Check it out it is well worth it!
